Moldovia

EU-Moldova Association Agreement: In the area of vocational education and training (VET), the development of dual-VET models continues with increasing numbers of apprenticing companies and apprentices as well as a set of new dual-VET regulations. However, The National Centre for the Development of Vocational Education, although formally set up in 2016, is still not operational.

Similarly, sectoral committees, created with the purpose of strengthening ties with the labour market, have no practical involvement in VET programming nor in validating previously acquired skills. (S. 18)
